Luther Burbank to Ship Some of His Spineless Cactus There for Propagation.

(BY DIRECT WIRE TO THE TIMES.)

RENO, March 22.—[Exclusive Dispatch.] Luther Burbank, the horticultural wizard, is going to introduce his spineless cactus on the desert of Nevada. He has written to Dr. A. H. Heppner, a well-known physician who is conducting experiments on government land near Fallon, that he is preparing a shipment of the cactus to this State, and invites the physician to join with him in conducting the experiment and furthering the propagation of the new plant on the arid lands of Nevada. Dr. Heppner has signified his intention of accepting Burbank's offer. He will devote a portion of his reclaimed land to the first experiment.

STUCK BY CAR.

NOT EXPECTED TO LIVE.

(BY THE ASSOCIATED PRESS-P.M.)

STOCKTON, March 22.—Mrs. George Gray, the aged wife of George Gray, a wealthy lumberman, was struck by a car of the Central California Traction Company, this afternoon, and sustained injuries from which she is not expected to live.

Mrs. Gray has crossed the tracks, but went back to get her little dog from between the rails, apparently unimpaired by the rapidly approaching car. The motorman reversed and applied the brakes, rang the bell and shouted, but was unable to avoid the accident. Mrs. Gray was knocked down and dragged, sustaining the loss of a leg and internal injuries.

CRITICISE GOVERNMENT FOR GIVING IN TO JAPAN.

Held Several Indignation Meetings, and Resolve to Boycott Goods of Japanese Manufacture and Make Anniversary of Tatsu's Release Day of Mourning.

(BY THE ASSOCIATED PRESS-P.M.)

CANTON, March 22.—The greatest indignation prevails here against the government for yielding to the Japanese demands in the Tatsu Mafu case, it being considered that its action in this matter has brought disgrace upon this province.

The Self-Government Society of Canton organized several monster indignation meetings at which resolutions were adopted that the anniversary of the release of Tatsu be observed as a day of public mourning. The resolutions also declared a boycott against Japanese goods.

More than 50,000 persons attended the mass meetings held yesterday, buildings were draped in mourning, and twenty or more outdoor demonstrations were given. Among the speakers was a 12-year-old boy, whose declaration against the Japanese caused the greatest enthusiasm. A great number among those assembled thereupon devoted themselves to Japanese handkerchiefs, including the Japanese handkerchiefs, and made a huge bonfire of them. One dealer in Japanese goods offered to sacrifice his entire stock.

The meeting recommended the impeachment of Yuan Shi Kai, of the board of foreign affairs, for weakness in yielding to the Japanese.

MILWAUKEE (Wis.) March 22.—[Exclusive Dispatch.] "Now is the crisis of the age and the workingmen should act at once. There are not enough cannon and soldiers in the world to stop the tide of anarchy, once the workingmen have felt their power."

"There is a conspiracy in this country to hang every person connected with the labor movement."

"Then men who tried Moyer, Haywood and Pettibone dared not find them guilty for they knew the spirit of the Paris commune would rise up and use violence if necessary to save those men."

"The liberty in this country is a vast lie. The belief by the American people that they are free is an imaginary dream. A man cannot lift himself up from the gutter to become President. The Paris commune is not dead. I saw 200,000 men march to the graves of the heroes of 1871 when in Paris in 1906. The spirit of the commune is now in existence stronger than ever and soon, if conditions don't change, the red of anarchy will float in every corner of the globe."

These are some of the expressions used by Emma Goldman today when she addressed a crowd of 100 persons. There were police at hand in uniform and in plain clothes but there was no demonstration. The crowd was evidently not of an anarchistic nature but merely curious. Tonight she is expected to deliver a lecture, but she carefully refrained from any reference to the Averbuch case.

EVANGELIST ARRESTED.

ELIZABETH (N. J.) March 22.—[Exclusive Dispatch.] The Rev. George A. Francis, once pastor of the Westfield Baptist Church, was arrested Saturday, charged with fraud. Jack Caplan, Westfield asserts Francis got a power of attorney from his wife by fraudulent means, sold a house that belonged to him for \$2500, and appropriated the money. The ex-pastor denies the charges.

Harrison Warns Against Treachery to Bryan.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, March 22.—[Exclusive Dispatch.] Roger C. Sullivan practically became a candidate for reelection as Democratic National Committeeman from Illinois today. While he sat in silence and kept close tab in the proceedings of the County Democracy Marching Club adopted a resolution full of praise for Mr. Sullivan and endorsing him for reelection.

Bitter words preceded the adoption of the resolution, uttered by T. P. Quinn, who accused the National Committee of treachery to William J. Bryan. The Quinn attack here was fruit and his voice was the only one which cried "no," as the Sullivan declaration was placed on its passage.

A moment before Thomas J. Webb introduced the Sullivan resolution, another resolution pledging the hearty support of the club to the Presidential candidacy of William J. Bryan was presented. There was no debate on the Bryan pronouncement. It went through, but not with a whoop.

Former Mayor Carter H. Harrison added interest to the proceedings by speaking strongly for the nomination and election of Mr. Bryan, declaring that if by any chance Bryan is not nominated there is not the slightest hope for success for the Democratic ticket, national, State, Congressional or county.

"The defeat of Mr. Bryan for the nomination will be a forecast of a Democratic defeat, even more emphatic than that of Parker in 1904," said Mr. Harrison.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, March 22.—[Exclusive Dispatch.] Joseph Cannon today made up his mind to hold the national convention of the National Independence League in Chicago, on or about July 21, and that in that meeting war will be declared on W. J. Bryan.

As to Hearst's official announcement that his party would not support Theodore Roosevelt, William J. Bryan or Gov. Johnson of Minnesota, it is known that the Hearstites are determined first, last and all the time to defeat Bryan at the polls in November should the Nebraska be nominated at Denver.

Heard say that, as Bryan in the 1904 convention was not a candidate, he should have repaid the loyalty of Hearst in 1896 and 1900 by doing all in his power to bring about Hearst's nomination. Bryan refused aid and support to Hearst.

It was stated emphatically by those in Hearst's confidence that, while he would not raise a hand to defeat Bryan's nomination at Denver, he would use every means at his command to defeat Bryan's election.

Luther Burbank to Ship Some of His Spineless Cactus There for Propagation.

(BY DIRECT WIRE TO THE TIMES.)

RENO, March 22.—[Exclusive Dispatch.] Luther Burbank, the horticultural wizard, is going to introduce his spineless cactus on the desert of Nevada. He has written to Dr. A. H. Heppner, a well-known physician who is conducting experiments on government land near Fallon, that he is preparing a shipment of the cactus to this State, and invites the physician to join with him in conducting the experiment and furthering the propagation of the new plant on the arid lands of Nevada. Dr. Heppner has signified his intention of accepting Burbank's offer. He will devote a portion of his reclaimed land to the first experiment.

STUCK BY CAR.

NOT EXPECTED TO LIVE.

(BY THE ASSOCIATED PRESS-P.M.)

STOCKTON, March 22.—Mrs. George Gray, the aged wife of George Gray, a wealthy lumberman, was struck by a car of the Central California Traction Company, this afternoon, and sustained injuries from which she is not expected to live.

Mrs. Gray has crossed the tracks, but went back to get her little dog from between the rails, apparently unimpaired by the rapidly approaching car. The motorman reversed and applied the brakes, rang the bell and shouted, but was unable to avoid the accident. Mrs. Gray was knocked down and dragged, sustaining the loss of a leg and internal injuries.

CANTON CHINESE ARE INDIGNANT.

CRITICISE GOVERNMENT FOR GIVING IN TO JAPAN.

Held Several Indignation Meetings, and Resolve to Boycott Goods of Japanese Manufacture and Make Anniversary of Tatsu's Release Day of Mourning.

(BY THE ASSOCIATED PRESS-P.M.)

CANTON, March 22.—The greatest indignation prevails here against the government for yielding to the Japanese demands in the Tatsu Mafu case, it being considered that its action in this matter has brought disgrace upon this province.

The Self-Government Society of Canton organized several monster indignation meetings at which resolutions were adopted that the anniversary of the release of Tatsu be observed as a day of public mourning. The resolutions also declared a boycott against Japanese goods.

More than 50,000 persons attended the mass meetings held yesterday, buildings were draped in mourning, and twenty or more outdoor demonstrations were given. Among the speakers was a 12-year-old boy, whose declaration against the Japanese caused the greatest enthusiasm. A great number among those assembled thereupon devoted themselves to Japanese handkerchiefs, including the Japanese handkerchiefs, and made a huge bonfire of them. One dealer in Japanese goods offered to sacrifice his entire stock.

The meeting recommended the impeachment of Yuan Shi Kai, of the board of foreign affairs, for weakness in yielding to the Japanese.

"Red" Emma Makes Anarchistic Speech in Milwaukee to Curious Listeners.

(BY DIRECT WIRE TO THE TIMES.)

MILWAUKEE (Wis.) March 22.—[Exclusive Dispatch.] "Now is the crisis of the age and the workingmen should act at once. There are not enough cannon and soldiers in the world to stop the tide of anarchy, once the workingmen have felt their power."

"There is a conspiracy in this country to hang every person connected with the labor movement."

"Then men who tried Moyer, Haywood and Pettibone dared not find them guilty for they knew the spirit of the Paris commune would rise up and use violence if necessary to save those men."

"The liberty in this country is a vast lie. The belief by the American people that they are free is an imaginary dream. A man cannot lift himself up from the gutter to become President. The Paris commune is not dead. I saw 200,000 men march to the graves of the heroes of 1871 when in Paris in 1906. The spirit of the commune is now in existence stronger than ever and soon, if conditions don't change, the red of anarchy will float in every corner of the globe."

These are some of the expressions used by Emma Goldman today when she addressed a crowd of 100 persons. There were police at hand in uniform and in plain clothes but there was no demonstration. The crowd was evidently not of an anarchistic nature but merely curious. Tonight she is expected to deliver a lecture, but she carefully refrained from any reference to the Averbuch case.

EVANGELIST ARRESTED.

ELIZABETH (N. J.) March 22.—[Exclusive Dispatch.] The Rev. George A. Francis, once pastor of the Westfield Baptist Church, was arrested Saturday, charged with fraud. Jack Caplan, Westfield asserts Francis got a power of attorney from his wife by fraudulent means, sold a house that belonged to him for \$2500, and appropriated the money. The ex-pastor denies the charges.

Harrison Warns Against Treachery to Bryan.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, March 22.—[Exclusive Dispatch.] Roger C. Sullivan practically became a candidate for reelection as Democratic National Committeeman from Illinois today. While he sat in silence and kept close tab in the proceedings of the County Democracy Marching Club adopted a resolution full of praise for Mr. Sullivan and endorsing him for reelection.

Bitter words preceded the adoption of the resolution, uttered by T. P. Quinn, who accused the National Committee of treachery to William J. Bryan. The Quinn attack here was fruit and his voice was the only one which cried "no," as the Sullivan declaration was placed on its passage.

A moment before Thomas J. Webb introduced the Sullivan resolution, another resolution pledging the hearty support of the club to the Presidential candidacy of William J. Bryan was presented. There was no debate on the Bryan pronouncement. It went through, but not with a whoop.

Former Mayor Carter H. Harrison added interest to the proceedings by speaking strongly for the nomination and election of Mr. Bryan, declaring that if by any chance Bryan is not nominated there is not the slightest hope for success for the Democratic ticket, national, State, Congressional or county.

"The defeat of Mr. Bryan for the nomination will be a forecast of a Democratic defeat, even more emphatic than that of Parker in 1904," said Mr. Harrison.

WASHINGTON, March 22.—[Exclusive Dispatch.] Joseph Cannon today made up his mind to hold the national convention of the National Independence League in Chicago, on or about July 21, and that in that meeting war will be declared on W. J. Bryan.

As to Hearst's official announcement that his party would not support Theodore Roosevelt, William J. Bryan or Gov. Johnson of Minnesota, it is known that the Hearstites are determined first, last and all the time to defeat Bryan at the polls in November should the Nebraska be nominated at Denver.

Heard say that, as Bryan in the 1904 convention was not a candidate, he should have repaid the loyalty of Hearst in 1896 and 1900 by doing all in his power to bring about Hearst's nomination. Bryan refused aid and support to Hearst.

It was stated emphatically by those in Hearst's confidence that, while he would not raise a hand to defeat Bryan's nomination at Denver, he would use every means at his command to defeat Bryan's election.

ENTHUSIASTS ARE DISAPPOINTED.

Thomas Car Fails to Come to Front in Los Angeles.

Thousands Wait for Hours to Welcome Racer.

Loses Way on Desert; Now Past Tehachapi.

Thousands of people who waited to welcome the Thomas racer to Los Angeles yesterday, were disappointed. The machine, after losing its way on the desert, where hours were wasted in trying to find the route to Daguerre, reached Mojave at 4:45 o'clock last night. Miles out of the course, the crew rested, and had supper and left at 8 o'clock for Bakersfield. The car was reported at Cameron at 6:45 o'clock, and at 8 o'clock had reached the summit of the Tehachapi. Early yesterday morning automobiles began to leave this city for San Bernardino, Pomona, Azusa and Pasadena. Those who went out of Los Angeles county started earliest, and by 8 o'clock hundreds of machines lined the course which the leader in the new York-Texas contest was expected to take.

OWNER GETS UNEASY.
When hours had passed and still the machine failed to arrive at the little desert town, Thomas became uneasy. He had provided supplies for the car and necessities for the men. Until late last night no word came from the crew who for ten hours had wandered over the desert.

The report came from Skidoo, Nev. It was stated that the car was off its course. Still there seemed a possibility that the Thomas would reach Daguerre before dark and its owner arranged for a night drive to this city. Another long delay was followed by definite news which came to The Times by wire from Mojave. It was to the effect that the racer and its tired crew had pulled into the desert metropolis. This news was wired to Mr. Thomas at Daguerre. When he learned that his car would be driven by night to Bakersfield, where a rest would be taken, he left by train that point. But first he wired this dispatch to The Times.

DAGUERRE, March 22.—Don't believe I can turn car back, but following your suggestion will leave for Bakersfield at once. The only solution can be of change of route is that they were lost on the desert and came upon Mojave before they knew they had missed Daguerre. Telegrams, letters and supplies are here for them.

WITHOUT HIS SANCTION.
This change in the Thomas car's route was without the sanction of the owner. The pilot, a man named Fletcher, who was supposed to know the desert, agreed to take the machine to Daguerre, from whence the run to Los Angeles could have been made over the finest of roads.

But those who know the desert well say it would be a race to the finish at a point about midway between Goldfield and Daguerre and the Thomas crew took the path leading to Johannesburg and Mojave.

This is the dispatch received by The Times last night, from Mojave soon after the car arrived.

MOJAVE, March 22.—The Thomas racer arrived here at 4:45 o'clock this afternoon and left at 6 o'clock for Bakersfield, carrying Pilot Fletcher. Car is in good condition and crew is happy and confident.

Had the racer reached Los Angeles according to schedule, yesterday afternoon, a royal welcome would have been accorded. It would have shown the town interest in the city is taking in the contest. From San Bernardino to Los Angeles the Thomas would have passed through an avenue of automobiles.

Like a holiday procession, which fanned over the boulevard from this city to Arcadia and on to other towns on the supposed route of the leading car. Dancers were the objective of many and at 11 o'clock yesterday morning, 110 automobiles had taken the vantage points on the main street of the little town.

GREATLY DISAPPOINTED.
Scores of cars, and hundreds of people from Los Angeles, swelled the crowd at Pomona which waited until yesterday afternoon for the racer. Then, in disappointment, the automobiles charged slowly homeward, stopping at each town to hear the latest news. The press car, which left early yesterday morning, went to San Bernardino, and there waited all day. Soon after it arrived machines began to buzz into the town and out again toward the mouth of Canon Pass. San Bernardino had prepared a reception. Cars gaily decorated with bunting and with streamers flying, charged to and fro to catch the first glimpse of the machine so many desired to see.

Not until night began to fall did the automobiles from this city turn their motors homeward. Reinforced by throngs from other points, the great procession of cars poured back into Los Angeles at a late hour.

PASADENANS BUFFER, TOO.
There was great rejoicing at Pasadena yesterday, when it was learned that the Crown City had been included in the itinerary of the car. The citizens turned out in force and shared in the general disappointment. At almost every auto in town was on the road with a ray party of rosters who were ready to cheer the racer. For it reported that the crew would attempt to drive to this city by way of the San Francisco cañon and Newhall. This seemed new hope and a large delegation of autos waited long in front of The Times office for more definite news.

D. B. Rose, in an Elmore, had planned to drive to Newhall to pilot the crew over the grade and into the city. The widespread interest in the great contest reached a climax yesterday. All Los Angeles wanted to know about the car and its daring crew. The Times telephone was kept busy telling the latest news. The crowd which would have met the racer would have been a record breaker.

These began the disappointment. Thousands of dollars in stake.

DR. BURDETTE IS SMITTEN.

Ptomaine Poisoning Lays Low Well-Known Preacher, but Condition Improves.

Already confined to his bed two days because of ptomaine poisoning, Rev. Robert J. Burdette was unable yesterday to occupy his pulpit at Temple Baptist Church, the morning and evening sermons being preached by Rev. Edwin H. Brown, assistant pastor. It was announced at the evening service that Dr. Burdette at that time was much improved, and this report was confirmed by Mrs. Burdette at the Pasadena home.

It is expected he will be able to appear at the Wednesday evening prayer meeting. The attack of poisoning was the result of a meal eaten in a Los Angeles restaurant Thursday, and for a time it appeared that the consequences might be serious, but there was a decided change for the better yesterday, and it was stated that the popular preacher would be out within one or two days.

Arrangements had been made for a banquet and reception to the crew at the Hotel Alexandria.

Dispatches which were received yesterday by The Times from points on the desert, indicate the struggle which the racer had in crossing the sandy waste. Twice the way was lost entirely. Hours were spent wandering aimlessly in what appeared to be the right direction, only to find it was the wrong one.

There are many autoists here who could have brought the car safely through. Earle Anthony planned to meet the crew far out on the desert and pilot them in.

With a pilot who knew the roads from Goldfield to Los Angeles, the racer had no reason to doubt that some time yesterday afternoon.

LOOKING FOR THE ZUST.
Should the Zust decide to pass through this city, the welcome which could not be tendered the Thomas was lavished on the foreign car. Autoists here are lovers of the real sport and they will cheer on the crew that is making such a phenomenal feat.

The Italian car reached Corning, Utah, yesterday afternoon at 1:15 o'clock and drove on to Kelton, ninety miles west of Ogden. It should reach Goldfield the middle of this week, and might get to Los Angeles by Friday or Saturday.

The French car, third in the race, left Havilla, Wyo., yesterday afternoon at 2 o'clock and is expected to be in the neighborhood of Creston, Wyo. The German car is pursuing the French machine. It reached Laramie, Wyo., late yesterday and remained there for the night.

The latest news from the Thomas car was that it passed through the little town of Tehachapi at 8 o'clock last night.

ASSISTANCE OFFERED.
H. D. Ryan has offered to pilot the Zust from Daguerre to Los Angeles, or from Mojave here, and its owners are disposed to accept the offer.

C. C. De Pass sent the following dispatch to The Times from Ogden yesterday:

"Foreigners accept your proposition to meet them at Goldfield. The Zust says the Zust can save nearly two days' time, and find better roads by taking the route to Daguerre. He is ready to test the car as far north as Santa Barbara."

The Thomas car reached Bakersfield at 12:30 o'clock this morning. The start for Fresno will be made at 6 o'clock. The machine is holding up well.

BUILD FOR FERRING MEN.
Proposition at Murphy Meeting to Provide Hall Near First and Main Streets.

A hall on Main street, near First or Second, is the desire of William Murphy, the insurance worker. At the meeting last night at Blanchard Hall, steps were taken to provide one. It seems probable that it may be obtained. The idea is that a gathering place in the locality would attract many people who do not go to Blanchard Hall, and one enthusiastic worker prophesied that ten men thus would be converted from the drive where one now is. The project was broached by S. P. Mulford.

"I own a lot at Main and First streets, of Main and Second streets," said he. "I should close up a few saloons, erect a good building, and fit up the second floor with a hall capable of seating 1000 or 1200 people. That hall I would devote to the Murphy meetings."

"We need a hall down where the people we aim to reach congregate. It is there that our work should be done. If the people who need help do not come to us, we must go to them. When Mr. Mulford had finished speaking, E. M. Phillips arose and said: "If Mr. Mulford will head a subscription list to procure such a hall as he suggests I will do all in my power to help him. I have no right to leave those unfortunate without hope. They are your brothers. You may try to check the responsibility, but you cannot. The only way that we can make this world better is by uniting our efforts and working to raise the fallen."

William Murphy then delivered a stirring talk, ending with a plea that all who had not signed the pledge should come forward and do so. He said that, just because a man did not drink, he had no right to leave the pledge unsigned so long as his example might encourage some other man to throw off the scourge of alcohol.

At the close of the meeting there was a concerted rush for the platform and many new names were added to Murphy's pledge.

EVANS FIXES DATES.
Will Arrive at San Diego Tuesday, April 14, and Leave Saturday Morning, April 18.

(BY THE ASSOCIATED PRESS.—P.M.)
SAN DIEGO, March 22.—A wireless message received today by Mayor Forward from Rear-Admiral Evans, definitely fixes the time of the arrival and departure of the battleship fleet. It will be San Diego three days and some hours. The message reads: "Hon. John P. Forward, Mayor, San Diego: You can officially announce that under present arrangements the battleship fleet will arrive at San Diego at 3:30 o'clock on the afternoon of Tuesday, April 14, and will leave at 12:30 o'clock on the morning of Saturday, April 18. Trusting that this will meet your hearty approval, I remain, respectfully yours,

W. H. Evans."

FLEET DATES FULLY FIXED.

Will Reach San Pedro Day Before Easter.

Admiral Evans so States in Message to Mayor.

Programme as Arranged Will Be Carried Out.

After many changes in the announced time of the arrival of the battleship fleet, a message from Admiral Evans to Mayor Harper, received yesterday, seems to fix it to a certainty on April 18. On Saturday it was believed by the local committees on arrangements that the battleships would steam into San Pedro harbor on the 20th. This is the message:

"U.S.S. CONNECTICUT, AT SEA, March 21, via San Diego. Mayor Harper, Los Angeles: Fleet will arrive San Pedro April 18 at 1:30 a.m. On April 19 second division to Los Beach, third division Santa Monica, fourth division Redondo. First division remains San Pedro. Fleet assemble and proceed Santa Barbara April 25, 6 a.m. (Signed) "EVANS."

This telegram came by wireless from the Connecticut Bay to Point Loma and from there was transmitted over the land line to Los Angeles. Although dated Saturday it was not received by the Mayor until yesterday.

It is considered unlikely that Admiral Evans will make any change in the arrangement, although it had been hoped here that the war vessels would not come into a local port until the 20th, the day following Easter Sunday.

WILL FOLLOW PROGRAMME.
However, it was stated last evening by Gen. Adna R. Chaffee, chairman of the Committee on Entertainment of Officers, that the programme for receiving the fleet, as finally prepared on Saturday, would be carried out as far as set down. This programme provides for the formal welcome to the fleet by the city of Los Angeles at 12:30 o'clock this morning. The start for the formal ceremony at that time. The following day is Sunday, and Admiral Evans would be advisable to have the formal ceremony at that time. The fleet will move on that day to the different Los Angeles ports, so that would not be a proper time for an official greeting. The welcome undoubtedly will be extended on Monday.

"It all depends on the wishes of Admiral Evans as to whether or not he will come to Los Angeles on that day. He still may desire to come to this city at that time. We hope to bring him with us."

Mayor Harper coincided with the views of Gen. Chaffee as to the improbability of a change in the programme already announced, stating the belief that the schedule of events as far announced would be carried out.

MAYOR'S REGRETS.
"I am sorry," said the Mayor, "that the idea has been abandoned of giving a public reception to the officers. There are many people in Los Angeles who will be unable to visit the battleships at any of the ports at which they are to be stationed, and who will have little opportunity of seeing Admiral Evans and the officers of his command. It is true that there will be an automobile trip, part of which will be through the city streets, but the people will not have the opportunity to get as close to the officers as they might like."

In connection with the arrangements for the public to go aboard the battleships at the various ports, it already has been announced that provisions have been made to present the public against avianous boatmen in the harbors to molest passengers.

At San Pedro it is stated that the difference in fares as between San Pedro and the other harbors is said to be that the small boats and launches will have to travel much farther to the former port than to the others.

While it may be rather a delicate subject for him to go about it, Mayor Harper has visited battleships at other ports they have learned thoroughly that the visitors about the fine vessels hold no hands out for "tips." In fact, true Americans that they are, they are hurt when such profits are made.

Which is a pretty good tip that the young men of the navy do not let their pockets weigh their patriotism.

Newberry's TEA

SPECIAL DEMONSTRATION AND SALE

TO THE CONSUMING TRADE OF SOUTHERN CALIFORNIA:

For fifteen years we have been giving our Southern California patrons extraordinary value in our two grades of Tea. Our customers are familiar with the fact that we have confined our Tea business to two grades.

The GOLD SEAL grade is our judgment of the highest commercial value of the products of the Orient in the Tea line, that is, we have selected from among the many high grades of all kinds of Teas, that which appeals to us as being the greatest commercial value, and have sold these goods to the general trade at 75 cents per pound for Oolong, Gunpowder, Young Hyson, Ceylon and English Breakfast.

In the Japan line, we have selected the first May picking and the highest grade of Japan Basket Fired imported, and sold this particular grade at 65 cents per pound. There is no better Japan Tea.

We then established another grade, our Crown line of goods, and made a price of 45 cents per pound for all kinds. We selected for that grade the very best second crop, paying such a price as would allow us a reasonable margin and sell them at 45 cents. We give no premiums, but the goods are sold to you at a sugar profit.

While we have a good Tea Trade among our many customers, we are satisfied that we do not have the trade that we ought to have giving the value that we do, therefore we are going to begin on March 25th, and give you a Demonstration Sale. The demonstration in the cup will be confined to our Spring Street Store in Los Angeles, but the sale will be carried on in all of our City Branch Stores, and those houses that are connected with us throughout Southern California.

This will be a 12-day sale, commencing on March 25th, and will be divided into six separate sales on the following novel plan:

4th 2-Days Sale

The next two days' sale, April 2nd, the sale will be limited to 1 lb. to a customer, the prices being as follows:

ALL CROWN grades, regular 45 cent Teas, at 30 cents per lb.

GOLD SEAL, all kinds except Japan, regular 75 cent Teas, at 55 cents per lb.

GOLD SEAL JAPAN, our regular 65 cent Teas, at 45 cents per lb.

These prices are about the regular jobber's costs on these Teas.

5th 2-Days Sale
On April 3rd and 4th the sale will be as follows:

ALL CROWN grades, regular 45 cent Teas, at 30 cents per lb.

GOLD SEAL, all kinds except Japan, regular 75 cent Teas, at 55 cents per lb.

GOLD SEAL JAPAN, our regular 65 cent Teas, at 45 cents per lb.

These prices are about the regular jobber's costs on these Teas.

6th 2-Days Sale
The sale on April 5th and 6th will be as follows:

ALL CROWN grades, regular 45 cent Teas, at 30 cents per lb.

GOLD SEAL, all kinds except Japan, regular 75 cent Teas, at 55 cents per lb.

GOLD SEAL JAPAN, our regular 65 cent Teas, at 45 cents per lb.

These prices are about the regular jobber's costs on these Teas.

Editorial Points

If all that's the matter with our navy is the lack of a few collars the defect is easily remedied.

In other words, the fleet is to be circumvented by the over globe for the purpose of circumventing trouble.

The fleet ought to go to Japan if for no other purpose than to impress the editor of the Jiji Jiji.

George Gould's late pessimistic remarks are now fully explained. Somebody stole his \$5000 bull's head.

Mr. Bryan talked himself into notoriety, but he couldn't keep it up so monotonously that he is likely to be forgotten.

A man in Missouri has been arrested for stealing the state's history of Greece. And yet the President is regarded as a friend to authors.

It is wonderful to think how easily some men acquire fame. All William Allen White did was to ask: "What's the matter with Kansas?"

We regret to learn that Chile is having financial difficulties. We always desire to hear that all our sisters of the South have money in their stockings.

A southern physician prescribes hot corn as a cure for the grip. We take it, of course, that he means hot corn after the corn has gone through the distillery.

Boston is boasting of a woman who speaks four languages. It is all the more wonderful when it is considered that, right at the start, she had to overcome the Boston dialect.

The case of Mr. Taft is another demonstration of the fact that when a candidate for office has the people behind him it doesn't matter at all whom the politicians are behind.

An ancient Egyptian tomb is about to be removed to Chicago. No matter what the occupants of the tomb may have thought of it before he ought now to be glad he is dead.

The Hon. Leslie M. Shaw now says that he has no young man who kept calling at a girl's house and never could find her at home.

The Nederlandsche Scheepbouwmaatschappij, a Dutch ship building firm, has established a branch in this country. Seven of its own boats were required just to bring the name over.

A recent writer says that in France the people do the things they are best fitted to do. And yet there is an impression that those Frenchmen who fight duels are not very well fitted to do it.

Just about the time a Congressman likes the fit of his seat and when Washington begins to look good to him, he hears of some fellow at home who is laying pipes to oust him from the job.

There seems to be little or no talk as to who will be the candidates for Vice-President, but doubtless some man will be elected to the office who is now unknown and who is satisfied to remain that way.

While the Mothers' Congresses are in session at distant points the Fathers' Congresses are holding their sessions nearer home and placing fewer restrictions on the freedom of speech at every meeting.

A member of the Roosevelt-Lincoln Republican League, who is prominent at El Monte, says E. T. East does not run the organization. East is under a vastly different impression, otherwise he wouldn't stir in the thing a minute.

A red flag appears to have three distinct uses. It is used as a smallpox sign, as a sign that some man's goods and chattels are being sacrificed under the hammer, and that murderers have gone forth to slay and to destroy law and order.

Pretty soon, when the tunnel under the Hudson becomes inadequate along with the subway and elevated roads, New Yorkers will devise other means to prevent bumping into one another sooner than move out where there is more room.

Whatever kick there may be against anybody else, there is no fault to be found with the men who built the engines in our warships. Engines that can push mountains of iron 13,000 miles through salt water in sixty days are delivering the goods.

The London Daily Mail produces figures to prove that the cigarette is running the pipe out of England. What with cigarettes, socialism and a few other things of that kind, England is fast putting herself in shape to be knocked down by a feather.

One of the most severely criticised of our Presidents while he had the job was George Washington. One reason why we have Presidents at all is that we may have somebody that everybody can not only freely criticize, but heap on insults in the bargain.

An Indiana woman asks a divorce from her eighth husband for the reason that she desires to continue the effort to get a man that suits her. We would be glad to know the gentleman's name when she finds him, in order that we may offer him our sympathy.

China has sent one of her learned scholars to this country to make a study of the currency question. His great-grandson will probably finish the investigations, and a couple of thousand years from now China may conclude to look into the

THE FAMINE IN INDIA.

Government officials throughout India are once more confronted with famine, in even a worse form than that of 1877. So serious is the outlook that influential Nawabs and Maharajahs recently called a meeting of representative Europeans and Indians in Lucknow and formed a charitable relief fund. This fund has now reached a total of 200,000 rupees, and is being used to purchase clothing and provisions for the very needy.

Owing to the drought following the monsoon floods, the crops of the United Provinces, which were estimated at 5,000,000 tons, have only realized 1,500,000. The out-turn of the two greatest crops, cotton and sugar, has been very indifferent, resulting in a stupendous loss to the provinces. At present there are 419,000 persons on relief works, while an additional 253,000 are in receipt of gratuitous allowance. The famine is not confined to this part of India alone, as the Punjab is employing 1300 persons. In Central India 92,000 are on relief work and 11,000 are fed gratuitously, while in Bengal, chiefly in the Orissa district, there are 300,000 persons in dire distress.

To Californians who are living in the midst of plenty and blessed with a superb climate it must seem inconceivable that famine should visit India year after year; but as it is not confined to one district it appears hopeless to attempt to explain all its causes, or to say what methods could be successfully adopted for overcoming these awful visitations.

Before the British occupation up country natives were in the habit of ruthlessly cutting down whole forests and planting the ground thus cleared with surface crops. Owing to their primitive methods of cultivation the top soil soon became exhausted, with the result that the tillers moved to other parts of the district and repeated operations every three or four years. In the course of time vast tracts of land became denuded of trees, and the rainfall so decreased that streams became shallower and eventually dried up, and what had at one time been fertile tracts, covered with valuable timber, were now turned into barren wastes.

In those days infant mortality was prevalent; thousands of innocent babies were either offered up at the shrine of Kali, or cast into the river Ganges, or some tributary of "Mother Ganga." Suicide was at its height and amongst the Sikhs all weaklings and surplus female babies were slain. When the British occupied India, the government, under Lord William Bentinck, the then Viceroy, abolished suttee and infanticide, and so successful were they in putting a stop to these shameful practices that the population increased rapidly. Today India has an increased population of some 9,000,000 persons who would otherwise have voluntarily thrown themselves upon the burning pyre of their husbands, or have been offered up in sacrifice to the Goddess of Cruelty of their heathen parents.

The surplus population settled on these arid wastes, living on what scanty crops they could produce, and for the most part were dependent upon an irregular rainfall. Many of the men flocked to large cities, lured thither by offers of steady employment, leaving the old people to cultivate and keep up the land. As remittances were sent these parents from time to time it can be easily seen that the land must have been much neglected. The government was doing all in its power to protect the timber on the hills and could ill afford to spend countless thousands in reclaiming arid plains and laying out the necessary canals for irrigation purposes. Now that government realizes that famine has come to stay, it is doing all in its power to combat the evil and neglect.

Thousands of sufferers are annually employed during the famine months in digging canals and ditches, planting trees and sowing crops, and it is believed that the money now being so lavishly spent will eventually restore much of the waste land.

There is however another question, and one which sooner or later must be taken up by the government. The indifference of the zemindars (landlords) to the sufferings of their wretched tenants in time of distress, exists in every part of India where the zemindari system prevails. Following the examples of many of the Irish landlords, zemindars for the most part absent themselves from their estates and live in luxury in Calcutta, Bombay, Madras and other large cities, and so long as their managers remit them plenty of money, little do they care how it has been squeezed from their tenants. Like most loafers, these are the men who shout loudest at political meetings and abuse government for indifference to the sufferings of the downtrodden people.

These zemindars after collecting their rents, hand over a share to the collector or civil servant for the maintenance of the British government in India; but as the "pebhaks" (rent fixed about 100 years ago) received by government is very much less than half of that screwed by the zemindars out of their unfortunate tenants, the government loses a difference of several millions a year in revenue, which might avoid the necessity of Mansion House funds in London and subscription lists in India.

SENATOR HALE FIGHTS RIGHT.

Senator Hale is right in his contention that there should be ample provision made at the earliest moment to provide a fleet of collars to wait on the battleship fleet. He is wrong in the contention that no more battleships should be built until the collars are provided. The whole truth is that both an increase of the navy and a fleet of collars should be provided for in the appropriation bill.

It is all very well for the fearful Senator Teller, whose constituents all live in inaccessible heights of the Rockies and the big-boned sheep to say we need no navy. Senator Teller's lights all went out that day in 1896 when he cried his eyes out about the "betrayal of silver" in St. Louis, and since then he has been walking in gross darkness.

This is a general election year and we shall have to be patient with Congressmen whose interest it is to fix up the appropriation bill in such a way as to get most votes next November.

POPULIST LA FOLLETTE'S LATEST.

Bob La Follette has a new hobby to ride—new to him, but a poor rickety old thing from which his forerunners among the Populists have worn out all the paint, and loosing its screws in it until it looks like something in a Kew garden at the breaking up of a hard winter and creaks like a block wheel cart of 100 years ago going down hill with a heavy load.

Roaring Robert wants a lot of half-baked statements to sit perpetually at \$10,000 a year each and tinker the tariff like a peripatetic tumbler at old skittles in back yards of farm houses.

The late Nelson Dingler, Jr., who knew more about the tariff in an hour before breakfast than bungling Bob has known in all his life, said once: "Tariff commissions usually contribute little to illuminate the subject and the hearings before the Ways and Means Committee supply practical information of great value."

La Follette and his kind forget there is a personal tariff commission which costs the country nothing. It is this very Ways and Means Committee, composed in almost equal parts of the two national parties. This committee is always in open session to receive any and all suggestions on the subject of tariffs. The tariff is never revised except on the recommendation of this committee and its recommendations are always made on data submitted by the business interests of the country. All

SMOTHERED.

have the ear of this perpetual tariff commission. Importers, exporters, manufacturers and consumers are ever welcomed in the committee room. And this "tariff commission"—for such it is—keeps in mind the needs of the government in the way of revenue, as well as trade conditions.

TRUE TO TYPE.

If Atty-Gen. Jackson of the State of New York is guilty of criminal conduct in his office, he will only prove true to type.

Jackson is a product of the Hearst Independence League. That organization put him in office. He was a "reformer," of course, a dyed-in-the-wool one. From his point of view all men are not only liars, but boudiers and grafters. To "reform" is in its root meaning only to form again. In this case the reform consisted in getting men out of office whom the fellows who wished to get in charged with all sorts of crimes. According to the view apparently prevailing in New York the new incumbent is not only suspected of crime, but can be proved guilty.

He is a true corporation hater. He followed the New-Lights of the day where most of their footsteps tend to office-holding, and then began in practice on his own account what "reformers" all charge is done by those whom they wish to supplant. As corporation hater, Atty-Gen. Jackson went after the banks in the most approved fashion of his type. When, through the money stringency, he got a bank closed, it is asserted that he put a reform corporation hater of his own type in as receiver, and the "reform" consisted in keeping the bank closed and the salary of the "reformer" moving as steadily as the celebrated brook in the poem. Banks may come and banks may go, but the receiver and his salary go on for ever.

There it is. If Jackson of New York is guilty as reputed, he will be true to his type; and all other Independence League "reformers" put in office may be relied upon to follow the example of the devil and "take care of their own."

ROYAL SPLENDOR AT VENICE.

If Kate Elkins gets nothing better than the pomp of a palace in Venice by her marriage she would better follow Hetty Green's philosophy and take an American newspaper man to husband. By the way, D. O. Mills's daughter long ago married one of these American newspaper fellows, and Whitelaw Reid is worth a good many royal highnesses.

There was once a royal splendor about old Venice. In the days of the Doges when the Venetian fleet did such dire things to the Ottoman navy in Lepanto Bay, there was gorgeousness in Venice. About all that remains of this now is the gray atmosphere that Claude Lorraine loved so well to paint. Lord Byron loved Venice a century ago and his "palace" is a show place still. The interest is bounded by the fact that the webstergone Child Harold actually slept, ate and wept within its walls.

As for living in a Venetian palace of today, give us a bungalow of six rooms in Los Angeles, with two rose bushes by the gate and a row of red geraniums along the fence. The only thing in this land of new civilization to compare in squalid discomfort to a Venetian palace is a dugout of a Digger Indian, or one of the abodes of the cave dwellers.

CALIFORNIA WANTS TAFT.

California wants Taft because he recognizes the value of progressive and settled conditions in the Orient to her trade, commerce and State development.

California wants Taft because his active optimism is fully in accord with natural optimism, born of her glorious climate and resources.

California wants Taft because she knows that with him walking the quarter-deck the ship of state will sail on an even keel through any storms that may spring up.

California wants Taft because like him her people stand for all that is good and true in municipal, county, State and national affairs.

California wants Taft because his bright record of work done for his country is an earnest of what he further can and will do when elected President of the republic of the United States of America.

California wants Taft because these United States of ours are no longer a power of themselves for themselves, but a world power of so great moral, physical and financial strength that Presidents are needed of the caliber, wisdom, energy, and sagacity of McKinley, Roosevelt and Taft.

California wants Taft because he is in favor of the spirit as well as the letter of the Constitution; because he wants a fair deal and no favor for every man, woman and child in the country and its outlying possessions; because, while, when elected President, he will be the head of his political party he will not be unkindful of the claims of men of other parties; because he favors the building up of our army by more liberal treatment of the privates as well as the officers; because his desire is for a navy as great as position, possessions, and prestige demand; because he is a firm upholder of that bulwark of American liberty—the free public school; because he is urging on the construction of the American Panama Canal; because his skilled diplomacy in Cuba saved us from a very embarrassing situation and a heavy trade loss; because he is

THOUGHTS ON BUSINESS.

COMMON SENSE IN BUILDING.

BY WALDO FORDY WARE.

Business committed to the name of architecture, and the builder, contractor, and architect, wrought in steel and stone is a source of annoyance and loss.

One of the chief faults in many buildings is poor ventilation. In many cases the windows are closed, and the air is stagnant. If some buildings were planned so that they could be opened, and the air could be changed, it would be a great improvement.

The fault is usually due to the architect. While no one will deny the fact that the architect is responsible for the design of the building, it is equally true that the builder is responsible for the execution of the design.

Notable faults in buildings are those of convenience, utility, and cost. Those which are sacrificed to rent are those which are sacrificed to the world with its modernity, such as narrow doors and windows, and those caused by negligence in proper safeguards. On every hand the common sense is very great.

EDUCATIONAL WORK.

C. E. Rugh, an old teacher, told the story of a woman who was a teacher in the public school system. In the woman's viewpoint is not the teacher's work, but the work of the school. The teacher's work is to teach, and the school's work is to provide a place for the teacher to teach.

It is not the teacher's work to be a disciplinarian, but to be a guide. It is not the teacher's work to be a dictator, but to be a listener. It is not the teacher's work to be a taskmaster, but to be a helper.

The teacher's work is to be a guide, a listener, a helper, and a disciplinarian. The teacher's work is to be a guide, a listener, a helper, and a disciplinarian.

Badly Needed.

Teacher had been quizzing his pupils on the subject of the day. He had been quizzing them on the subject of the day, and they had been quizzing him on the subject of the day.

McGALL PATTERNS FOR APRIL HERE

Opportunities

Many people cannot see the opportunities all around them because they are wearing far-sighted glasses. Many others cannot hear Opportunity when she knocks at their door because they are "knocking" themselves.

By getting in harmony with the times, by co-operating with manufacturers, importers and jobbers, we take advantage of every turn of the market to bring merchandise into the store at unusually favorable prices—always, however, maintaining our full regular stocks.

The door of Opportunity is open—at Coulter's—will you step inside?

THE CITY IN BRIEF

They didn't "come through!"

NEWS AND BUSINESS.

Woodmen for Prosecutor.
City Attorney Hewitt last evening announced the appointment of Thomas L. Woodman as chief prosecutor to succeed E. J. Fleming.

Tennessee Society.
Judge Curtis D. Wilbur will tell of the Tennessee Society at the Young Women's Christian Association at their rooms, Third and Hill streets, Tennessee Society.

Woodmen to Entertain.
Pacific Camp, No. 5262, M.W.A., will give a literary and musical entertainment Thursday evening at Eagle Hall, No. 130 East 11th street. Selections by Horn's Military Band will be a feature. Refreshments will be served and dancing will close the evening, which promises to be a very enjoyable one.

Small Fire Soon Out.
A kerosene lamp ignited a curtain in the apartment of Mrs. M. A. Bromberg at No. 382 Maple avenue about 7 o'clock last night, resulting in slight damage. The flames were extinguished by Mrs. Bromberg, who dashed several buckets of water into the room before any damage was done to the building.

Alleged Deserters.
D. O'Connell, F. H. Moline, Frank Schmidt and John Nee were arrested yesterday afternoon on East First street, charged with being deserters from a training camp at Mare Island. The men are held in the City Jail, where they are in custody, were a naval uniform beneath overalls and a jumper.

Seeks Brothers.
Bernard Coyle of West Wareham, Mass., writes to The Times asking for information through which he may locate his brothers, Patrick and John Coyle, who came to California from Massachusetts in the seventies. They were employed at San Francisco and Marysville, but he has not heard from them in twenty-eight years.

Directors Elected.
The new board of directors of the Highland Park Improvement Association, recently elected by postal ballot, will meet at the hall of the organization tomorrow night and choose a president and other officers. The directors are W. P. Poor, Melvin Mudge, Carl G. Packard, J. J. Backus, J. A. Stegall, S. H. McClung, C. I. Ritchey, G. W. E. Griffith, S. C. Wing, C. H. Randall and D. M. Hammack.

April Fool Dance.
The Young Zionists' Association will give an "April fool dance" at Kramer's Hall on March 31. A novel program has been arranged and the social committee is confident of adding a neat sum to the already large building fund. Next Thursday evening the association will enjoy a literary program at its hall, No. 337 1/2 Hill street. Members are requested to bring friends.

Imperial Popular.
Judging from the number of applications received for tickets for the Imperial Valley excursion, the Chamber of Commerce's special train will leave Arcade station Thursday night, with every seat taken. Secretary Wiggins is anxious to know by how many people the train will be going, in order that he can notify the railroad company of the number of passengers in the valley towns. It will probably be the last excursion to Imperial this year.

Pastor's Horse Stolen.
A handsome bay driving horse, owned by Rev. Hugh K. Walker, was stolen from in front of Immanuel Presbyterian Church yesterday morning during the service. Dr. Walker left his rig in front of the church when he entered, and after the sermon it was gone. The horse was hitched to a low, top platform over the seat of which a mottled lap robe was spread. Dr. Walker, all officers of the church, and the peace officers of surrounding towns, but was able to find no trace of the missing property.

History and Landmarks.
"The History of Landmarks of Northern and Southern California," is the subject of an address to be given on Wednesday by Rev. J. Harper, City Forester, at the Elbel Clubhouse, one program being in charge of the History and Landmarks section of the Cosmos Club. Miss Correll and her brother, in costume, will give Spanish dances, their mother, Mrs. Correll, being the accompanist. On the 25th of next month the Civic section of the same club will give a card party to raise funds for the purchase of dishes for the George Junior Republic.

BREVITIES.
Sunday Real Estate Liners. Classified real estate advertisements for insertion in THE SUNDAY TIMES must be in the office not later than 10:30 o'clock Saturday night. Other "want" advertisements for Sunday insertion taken over the counter until 11:30 p.m. The great volume of liners printed in The Sunday Times, numbering regularly over 5000 separate announcements, makes this regulation absolutely necessary in order to get the big Sunday issue out on time.

J. W. Kelly of Bakersfield, J. R. Stevenson, a merchant of Imperial, and Thomas H. Rynning, warden of the Territorial prison at Yuma, are registered at the Hollenbeck.

Mrs. George C. Perkins, wife of the United States Senator, arrived from Oakland yesterday, and registered at the Angelus. At the same hotel are also

George Johnson of Vancouver, D. Marvey Stader of Whatcom, and Henry Pope of Chicago, and his wife. Dr. and Mrs. O. W. Snyder of Chicago and Robert J. Halderman of Riverside, who has recently returned from an extended European trip, are guests at the Hollenbeck.

F. L. Hobert and wife of Juneau Alaska, are guests at the Westminster. Robert P. Pease, tourist from Havana, France; Albert Foster and family of Toronto, Can., and Mr. and Mrs. H. Lazare of Chicago, are guests at the Alexandria.

THE OIL INDUSTRY.
SMALL FIND AT GREAT DEPTH.
SAN FRANCISCO MEN TO DIG DEEP AND GET BARREL.

Two Sands Are Tapped With No Results of Commercial Value. Third State to Be Bought—Los Angeles Men and Mormons Go Eight Hundred Feet.

At 1240 feet depth the Virgin River Paraffin Oil Company (H. H. Blood and John M. Wright of San Francisco, C. A. Norcross of Reno, Nev., and associates) has temporarily suspended on its first well on section 4, 11, 12, 13 W., Salt Lake E. and M. in Washington county, Utah, five miles north of Virgin City and two miles north and seven-eighths east of the first well in that region of the Virgin River Oil and Development Company of Rhyolite. Superintendent D. E. Martin arrived at his home here a few days since. Operations are expected to be resumed around May 1.

The first oil sand was entered at 1050 feet, the second at 1185, and a third is expected within another 200 or a little more. At present a barrel daily of paraffin petroleum, approximately 20 gravity, can be taken out. All depends upon getting a paying stratum below. The Rhyolite men obtained eight or ten barrels at 610 feet, but they were located at a much lower point. Their oil, Mr. Martin thinks, comes from below, through a crevice. He considers conditions very encouraging. Oil formations can be seen on surface for twenty miles or more around.

The Star Crescent, a company of Mormons from Cedar, a Latter-day Saints' town forty miles north, has drilled 500 feet on section 10, 12 W., 41 S., one and a half miles west of the Rhyolite well. A good gas flow was struck 260 feet higher than that hole, on the same section, and between it and the Rhyolite well, they drilled 245 feet and obtained some oil—four or five barrels a day probably a fair estimate. It was never pumped.

The equivalent of section 11, 12, 13 W., 41 S., a Los Angeles company, Robert N. Bulla and associates, has its first string down 300 feet. It is on ground some 260 feet higher than that hole, on the same section, and between it and the Rhyolite well, they drilled 245 feet and obtained some oil—four or five barrels a day probably a fair estimate. It was never pumped.

The Martin Development Company of Bakersfield and local men, headed by Mr. Martin, originally located on section 6, but has now combined with Mormons to develop 34-41-11, southeast of there and just north of the town of Grafton.

The Blood-Wright-Norcross people have 1000 acres, rights purchaser has been struck 260 feet higher than that hole, on the same section, and between it and the Rhyolite well, they drilled 245 feet and obtained some oil—four or five barrels a day probably a fair estimate. It was never pumped.

NEW AND STARTLING FEATURES

Coupled With the Monday List of Bargain Sensations

TO BREAK ALL RECORDS TODAY

Cost, profit, former selling prices, they're all forgotten in this avalanche of attention-compelling bargains. Yesterday the store was packed to the guards with an enthusiastic buying public. Today we are going to attract still bigger crowds. The majority of the bargain prices that are making this the most talked-of store in Los Angeles will be out today with the addition of new and more startling values.

Keep your eye on the Broadway every day now; phenomenal sale features are being planned on bigger, broader, more fearless lines than ever before in our history. Broadway patrons are entering on a period of the most profitable buying time since Los Angeles was a city.

RAILROAD LOSSES BY PANIC EXAGGERATED.

Commissioner Lane Has Figures That Transportation Business Suffered Practically Only on Eastern Lines and Is Improving.

WASHINGTON, March 23.—(Exclusive Dispatch.) Every indication points to an improvement in the railroad and industrial situation of the country according to the figures submitted by the Interstate Commerce Commission. These reports are to the effect that while the railroads suffered to some extent by the panic of the year 1907, the losses were not as great as generally has been supposed. It appears from the reports that the effect was felt particularly by the eastern lines and by the lines in the southern part of the country, a few of which were embarrassed not only by a falling off of revenues, but by their inability to obtain ready cash with which to carry on improvements which they had begun while the western lines and the transcontinental roads have not suffered materially from the financial depression. The figures available to the Interstate Commerce Commission indicate also that the general condition in the country is improving materially, with a prospect that it soon will be normal or better.

NOT IMMEDIATELY SEVERE. Franklin K. Lane, Pacific Coast member of the Interstate Commerce Commission, has made a careful analysis of the figures submitted by the railroads themselves to the commission. Mr. Lane was asked what loss the railroads of America had sustained from the "October panic." He replied that the railroad situation of the country over is not immediately a serious one at the present time.

"There are no figures accessible by which a definite answer to your question can be given," continued Commissioner Lane. "From the figures available to the commission, however, it does not appear that, taking the country as a whole, the revenues of the railroads have fallen off to the extent that generally is believed."

"The Interstate Commerce Commission now calls upon the carriers subject to the Act to Regulate Commerce for monthly reports of their revenues and operating expenses. Such reports began with the month of July last, and I have the figures compiled by Prof. Henry C. Adams, our statistician, as to a number of systems which may be taken as representative of the railroad systems of the entire country. These systems are:

"New York, New Haven and Hartford.
"New York Central.
"Baltimore and Ohio.
"Pennsylvania, east and west of Pittsburgh.
"Southern Railway.
"Louisville and Nashville.
"Rock Island.
"Atchafalpa, Topeka and Santa Fe.
"Chicago, Milwaukee and St. Paul.
"Northwestern.
"Southern Pacific.
"Great Northern.
"Northern Pacific.

"During the three months, July, August and September, the total operating revenues of these roads amounted to \$200,000,000. For the same period of 1907, the total operating revenues of these roads amounted to \$190,000,000. This shows an increase of \$10,000,000, or 5.2 per cent, in the revenues of these roads during the three months of 1908 over the corresponding period of 1907. The increase in the revenues of these roads during the three months of 1908 over the corresponding period of 1907 is a very significant fact, and it indicates that the railroad business is improving."

"The figures available to the commission show that the revenues of the railroads during the three months of 1908 over the corresponding period of 1907 are as follows: New York Central, \$10,000,000; Baltimore and Ohio, \$8,000,000; Pennsylvania, east and west of Pittsburgh, \$12,000,000; Southern Railway, \$15,000,000; Louisville and Nashville, \$10,000,000; Rock Island, \$12,000,000; Atchafalpa, Topeka and Santa Fe, \$10,000,000; Chicago, Milwaukee and St. Paul, \$15,000,000; Northwestern, \$12,000,000; Southern Pacific, \$10,000,000; Great Northern, \$12,000,000; Northern Pacific, \$10,000,000. This shows a total increase of \$10,000,000, or 5.2 per cent, in the revenues of these roads during the three months of 1908 over the corresponding period of 1907."

Thousands Have Kidney Trouble And Don't Know It

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, serious results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and should have attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys begin to get better they will help all the other organs to health.

Prevalence of Kidney Disease.
Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient or physicians, who content themselves with doctoring the effects, while the original disease undermines the system. A sworn certificate of purity with every bottle.

Symptoms of Kidney Trouble.
Swamp-Root is not recommended for everything but if you are obliged to pass your water frequently night and day, smarting or irritation in

passing, brickdust or sediment in the urine, headache, back ache, lame back, dizziness, poor digestion, sleeplessness, nervousness, heart disturbance due to bad kidney trouble, skin eruptions from bad blood, neuralgia, rheumatism, lumbar, bloating, irritability, worn-out feeling, lack of ambition, may be loss of flesh, salivary complexion, or Bright's disease may be stealing upon you, which is the worst form of kidney trouble.

Swamp-Root is Pleasant to Take.
If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at all drug stores. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., which you will find on every bottle.

If You Need a Medicine You Should Have the Best.
Swamp-Root is always kept up to its high standard of purity and excellence. A sworn certificate of purity with every bottle.

SAMPLE BOTTLE FREE. To prove the wonderful merits of Swamp-Root you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands of letters received from men and women who found Swamp-Root to be just the remedy they needed. The value of Swamp-Root is so well known that our readers are asked to send for a sample bottle. Address Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the Los Angeles Daily Times.

COMMON COLDS

We claim that if catching cold could be avoided, a long list of dangerous ailments would never be heard of. Everyone knows that pneumonia and consumption originate from a cold; that, chronic catarrh, chronic bronchitis, and all throat and lung troubles are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold, even though you do call it a common cold. If taken in time, Chamberlain's Cough Remedy will cure it before these diseases can develop. This remedy contains no opium, morphine, or other harmful drugs, and has thirty-five years of reputation back of it, gained by its cures under every condition.

BY PRIVATE WIRE TO FRED DORR, JR.,
SAN FRANCISCO, March 2.—The market
today was very dead during the morning
because of eastern orders, and no rumors
were able to cause a flurry. Gold and
silver were larger, although apparently strong on
the evening call, failed to hold their prices, and
treasury bonds and government securities
strengthened. The Bullfinch and Togoah
shares were absolutely flat. The market
closed with quotations of the San Francisco

FAIR FINANCE 1

To President Roosevelt

I respectfully point to "Fair Finance 2" and "Fair Finance 3," which will be in this space in the leading dailies throughout the world—tomorrow and the tomorrow after. Also to the most extraordinary statement "Gold For Sale" which will follow No. 3. The only reason for flagging your attention is that you may have positive proof of a result your work produced.

To the People:

I earnestly ask that every thinking man and woman throughout America and Europe will read what will appear in this space—in the press of the world—tomorrow, day after tomorrow and day after that.

What you will read will be mighty interesting—otherwise I would not consume your time and my own. It will be even more than interesting: it will show one of the people's most perplexing problems solved.

To Capitalists:

This is a notice to you, wherever located that in space, in the press of the world—tomorrow and the following tomorrows, will appear news—good news—which will cause you to sit up—straight up—and take notice.

That these notices cost over \$100 should be proof positive that the news will be news.

THE CITY IN BRIEF

"Spring Openings!"

NEWS AND BUSINESS.

Hungarian Ball.

The Hungarian Club of Los Angeles will give a ball and whist party Thursday evening at Goldberg's Hall, Fifth and Main streets.

Social Problem Club.

The Social Problem Club will meet this evening at the rooms of the Young Men's Christian Association. It will be an open meeting.

Budding Lawyers.

Richard F. Davis, Peyton H. Moore and William Lewis, all of this city, were admitted to practice law in this State, yesterday, in the Second District Court of Appeal.

Key to the Century.

Dr. Thomas E. Green, for fifteen years an Episcopal minister, nov on a lecture of the country, will speak at Simpson Auditorium tonight on "The Key to the Twentieth Century."

Pennsylvanians Will Meet.

A musical and literary programme, followed by dancing and refreshments, will mark the meeting of the Pennsylvania Society tonight at Fraternal Brotherhood building, Figueroa and Lincoln streets.

Talk on Prohibition.

The Sixth Ward Prohibition Club will meet tonight at Party-fifth street and Central avenue when O. W. Blaine of Michigan will speak on "Prohibition in the Middle West." A musical programme will be provided.

School After Piano.

An entertainment arranged by the Child Study Circle of the Vernon-avenue school will be given on the evening of April 10 at Veronide Hall, Compton and Vernon avenues. The proceeds to go to the piano fund of the school.

"Elements of Education."

Prof. J. H. Francis, principal of Polytechnic High School, will lecture on "Elements of Education" this evening at St. Mark's Church, Seventh street and Towne avenue. The lecture will be for men only, under the auspices of the Community Club of the church.

Supreme Court Coming.

The Supreme Court will convene in this city for a week, beginning Monday, April 6. The first day will be given up to motions and ex parte matters. On Tuesday and Wednesday the justices will sit en banc. The two departments will be in session Thursday and Friday.

Hear of Ostriches.

E. H. Rydall lectured yesterday to the students of the University of Southern California, on "The Ostrich, Its Eggs and Feathers." Live ostriches in a cage, and eggs and feathers from the Cawston Ostrich Farm, were used to illustrate the lecture. The biological department of the university presided, and introduced the speaker.

Orpheus Club Tonight.

Indications are that there will be a large attendance at the Orpheus Club concert at the Auditorium this evening for the benefit of the Associated Charities and Bethlehem Institute. All the boxes have been taken and there has been a good sale of tickets for other parts of the house. An excellent programme has been prepared by J. P. Dupuy, director of the club of forty-five members.

Dr. Avery's Funeral.

The funeral of Dr. Hazen Avery of Los Angeles, who died Sunday after a surgical operation, will be held today at Pomona, his former home. Dr. Avery was 32 years old and was a graduate of Pomona College, class of 1900, also of Rush Medical College, Chicago, four years later. He was married but six months ago to Miss Jean Winton of Long Beach.

Junior Republic Explained.

That interest is widespread concerning the George Junior Republic is shown in many ways. Inquiries at the Young Women's Christian Association led to a request from the organization that Judge Curtis D. Wilbur address a meeting in the association rooms on the subject. Last night the little chapel was filled and Judge Wilbur outlined to them the scope of the work, as has been so often told during the past week by himself, William George and other speakers. The young women were highly delighted with the talk.

Gold Medal Contest.

The Los Angeles Women's Christian Temperance Union will hold its first matrons' oratorical contest this evening, in the First Baptist Church. The prize contest for is gold medal and the six orations, which will be sandwiched in with an attractive musical programme, will be followed by Emily Phillips Bolter, "The Serpent in the Home;" Rebecca J. West, "The Wild Beast of Our Civilization;" Nellie E. Choate, "Jack, the Fisherman;" Flora Woodward, "Some Objections to Woman Suffrage Answered;" Sarah T. Wheeler, "The Court of Last Appeal;" Clara Della Weaver, "Woman Suffrage as a Right."

Boy Missing.

Marion D. Pitts, who lived with his parents at No. 411 South Commercial street, left his home on Saturday afternoon about 4 o'clock, and had not returned last night. He took with him a bicycle, which he said he was going to try to sell, but it may be he rode it out of the city in the hope of finding work. He is 18 years old and his father says he is industrious and of good habits. The boy has been somewhat dependent on late hours and he was out of work, which gives color to the idea that he went in search of employment. He is five feet nine inches tall, slender build, dark hair, blue eyes, wore blue-black coat, dark trousers and black hat.

Free Maternity Cottage.

At a meeting at the First Unitarian Church at 3 o'clock this evening, an organization will be effected of the Free Maternity Cottage Association, the marriage work of which has been carried on for several months by a number of Los Angeles women, including Mrs. William Baughman, Mrs. H. C. Dillon, Miss Belle Smith and Mrs. H. C. Stratford. C. J. Fox has acted as treasurer under the temporary organization. The association contemplates the construction of a maternity cottage on the corner of

ducts a cottage on Rio street, in a section where the residents need assistance particularly of the kind offered by the work has grown to such proportions that it has been found necessary to effect permanent organization.

Hamburgers Deny Rumors.

A. Hamburger & Sons have not leased their new building at Eighth and Broadway to Marshall Field & Co. of Chicago, nor is the eastern concern interested in the local company. These statements were made yesterday by M. A. Hamburger in order to set at rest street rumors. Work is rushing on the new building and the big department store will move into it the first part of July.

Tennesseans Meet.

M. Haley of the New York Society was the speaker last night at a meeting of the Tennessee Society at No. 2274 South Hill street. An interesting programme, which included a recitation by Miss Rae Bergman and a piano solo by Miss Oly May, was enjoyed. The next meeting of the society will be held the third Monday in April.

Maine Reunion.

The Polytechnic High School Glee Club was the attraction last night at the Pine Tree State Association meeting in Burbank Hall. There was a large attendance. The following additional programme was given: Recitation, Mr. Behnmer, Sr.; vocal solo, Mrs. Y. Y. Harris; recitation, Miss Carrie Bruns, and a talk on Africa by Miss Elden of Portland, Me. H. E. C. Webb, the president, was in charge. The association plans to hold its annual picnic in about two weeks.

Eminent Congregationalist.

The Los Angeles Ministerial Union, composed of ministers of all denominations, met yesterday in Central Presbyterian Church, and was addressed by Rev. Dr. James W. Strong of Northfield, Minn., president emeritus, Carleton. His subject was "Personal Reminiscences of Post-Browning." Dr. Strong is a well-known figure in the Congregational church, and has been a member of almost every national Congregational council during the last forty years.

RED'S CASE GOES OVER.

The case of Manuel Sarabia, one of the Mexican Reds, came up in the United States District Court yesterday on motion of the government for a court order of extradition to Arizona. Mr. Sarabia, a native of Mexico, was arrested in Los Angeles last night by Patrolman Harrison in an alley way on East Third street, near Los Angeles street. The property evidently belonged to a Japanese. The police have been unable to find the owner, and Adams will be held pending an investigation.

Chicago Man Ventures in Surf at Ocean Park and Is Rescued With Great Difficulty.

OCEAN PARK, March 22.—J. H. Fisher of Chicago was tempted into the surf this morning, and would have been drowned but for the aid that quickly responded when Fisher, finding that he had gone beyond his depth, shouted lustily for help. W. O. Stamps rushed to the rescue, without taking time to disrobe, but he found heavy clothing and shoes a terrible handicap in the heavy surf. Joe Stamps and Ed Gaskell witnessed the attempt at rescue, and realized that nothing short of heroic action could prevent a double drowning. They hurriedly donned bath suits, and were able to assist the two men to the shore. Fisher had been kept above water by his first aid, but without assistance they would have been unable to reach safety. The Carnival of Nations, to be given under the auspices of the Santa Monica Lodge of Elks, will open at the Ocean Front auditorium tomorrow evening, and will continue in session throughout the week. Booths have been arranged to represent the different nations, and these will be in charge of well-known local women and their assistants.

THE CITY IN BRIEF

"Spring Openings"

NEWS AND BUSINESS.

Hungarian Ball.

The Hungarian Club of Los Angeles will give a ball and whist party Thursday evening at Golders Hall, Fifteenth and Main streets.

Social Problem Club.

The Social Problem Club will meet this evening at the rooms of the Young Men's Christian Association, 1114 South Main street.

Budding Lawyers.

Richard F. Davis, Peyton H. Moore and William Lewis, all of this city, were admitted to practice law in this State, yesterday, in the Second District Court of Appeal.

Key to the Century.

Dr. Thomas E. Green, for fifteen years an Episcopal minister, now on a lecture of the country, will speak at Simpson Auditorium tonight on "The Key to the Twentieth Century."

Pennsylvanians Will Meet.

A musical and literary programme, followed by dancing and refreshments, will mark the meeting of the Pennsylvania Society tonight at Fraternal Brotherhood building, Figueroa and Lincoln streets.

Talk on Prohibition.

The Sixth Ward Prohibition Club will meet tonight at Forty-fifth street and Central avenue when O. W. Blaine of Michigan will speak on "Prohibition in the Middle West." A musical programme will be provided.

School After Piano.

An entertainment arranged by the Child Study Circle of the Vernon-avenue school will be given on the evening of April 10 at Vernondale Hall, Compton and Vernon avenues, the proceeds to go to the piano fund of the school.

"Elements of Education."

Prof. J. H. Francis, principal of Polytechnic High School, will lecture on "Elements of Education" this evening at St. Mark's Church, Seventh street and Towne avenue. The lecture will be for men only, under the auspices of the Community Club of the church.

Supreme Court Coming.

The Supreme Court will convene in this city for a week, beginning Monday, April 6. The first day will be given up to motions and exceptions. On Tuesday and Wednesday the justices will sit en banc. The two departments will be in session Thursday and Friday.

Hear of Ostriches.

E. H. Rydall lectured yesterday to the students of the University of Southern California on "The Ostrich, Its Eggs and Feathers." Live ostriches in a cage, and eggs and feathers from the California ostrich farm were used as exhibits. Prof. Albert B. Wiley of the biological department of the university presided, and introduced the speaker.

Orpheus Club Tonight.

Indications are that there will be a large attendance at the Orpheus Club concert at the Auditorium this evening, for the benefit of the Associated Charities and Bethlehem Institute. All the boxes have been taken and there has been a good sale of tickets for other parts of the house. An excellent programme has been prepared by J. P. Dupuy, director of the club of forty-five members.

Dr. Avery's Funeral.

The funeral of Dr. Hazen Avery of Los Angeles, who died Sunday after a surgical operation, will be held today at Pomona, his former home. Dr. Avery was 33 years old and was a graduate of Pomona College, class of 1900, also of Rush Medical College, Chicago, four years later. He was married but six months ago to Miss Helen Wilson, Los Angeles.

Junior Republic Explained.

That interest is widespread concerning the George Junior Republic is shown in many ways. Inquiries at the Young Women's Christian Association led to a request from that organization that Judge Curtis D. Wilbur address a meeting in the association rooms on the subject. Last night the little chapel was filled and Judge Wilbur outlined to them the scope of the republic which has been often held during the past week by himself, William B. George and other speakers. The young women were highly delighted with the talk.

Gold Medal Contest.

The Los Angeles Women's Christian Temperance Union will hold its first matrons' oratorical contest this evening, in the First Baptist Church. The prize contested for is a gold medal, and the six orations, which will be adjudged in with an attractive musical programme, are as follows: Emily Phillips Boller, "The Serpent in the Home"; Rebecca J. Wynn, "The Wild Beast of Our Civilization"; Nellie B. Choate, "Jack, the Fisherman"; Flora Woodward, "Some Ostriches for Woman Suffrage Answered"; Sarah A. Wheeler, "The Court of Last Appeal"; Clara Della Weaver, "Woman Suffrage as a Right."

Boy Missing.

Marion D. Pitts, who lived with his parents at No. 411 South Cummings street, left his home on Saturday afternoon about 4 o'clock, and had not returned last night. He took with him a bicycle, which he said he was going to try to sell, but it may be he rode it out of the city in the hope of finding work. He is 18 years old and his father says he is industrious and a good habit. The boy has been somewhat dependent of late because he was out of work, which gives color to the idea that he went in search of employment. He is five feet nine inches tall, slight build, dark hair, blue eyes were blue-black coat, dark trousers and black hat.

Free Maternity Cottages.

At a meeting at the First Unitarian Church at 8 o'clock this evening oratorical contest will be effected of the Free Maternity Cottages Association, the charitable work of which has been carried on for several months by a number of Los Angeles women, including Mrs. William Fairbairn, Mrs. H. C. Dillon, Miss Belle Smith and Mrs. H. C. Stratford. C. J. Fox has acted as treasurer under the temporary organization. The association comprises the Free Maternity Cottages Association, which began the free-for-all kind of

ducts a cottage on Rio street, in a section where the residents need assistance particularly of the kind offered. The work has grown to such proportions that it has been found necessary to effect permanent organization.

Hamburgers Deny Rumors.

A. Hamburger & Sons have not leased their new building at Eighth and Broadway to Marshall Field & Co. of Chicago, nor is the eastern company interested in the local company. These statements were made yesterday by M. Hamburger in order to set at rest street rumors. Work is rushing on the new building and the big department store will move into it the first part of July.

Dr. Strong is well-known as a member of the Congregational church, and has been a member of almost every national Congregational council during the last forty years.

RED'S CASE GOES OVER.

The case of Manuel Sarabia, one of the Mexican radicals, came up in the United States District Court yesterday on motion of the government for a court order of extradition to Arizona. Owing to a disagreement as to testimony to be presented, the matter was continued one week. A few Mexican sympathizers were in court, but it is evident that interest in the fate of the imprisoned Mexican revolutionists is about dead.

WHO OWNS THE GRIPPS?

While examining the contents of two grips, Charles Adams was arrested last night by Patrolman Harrison in an alley way on East Third street, near Los Angeles street. The property evidently belonged to a Japanese. The police have been unable to find the owner, and Adams will be held pending an investigation.
